

Jurnal Teknik Pertanian (J-TEP) is a scientific journal devoted to publish results of research, development, studies or ideas in the field of agricultural sciences, engineering, and technology in a broad sense. The scope of J-TEP includes (but is not limited to) the fields of: water-plant-land resource engineering, agricultural environment, bioprocess engineering, post-harvest and agro-industrial technology, farm power and equipment, renewable energy, agro-industrial wastes, control systems and artificial intelligence, robotics, and IoT applications in agriculture. Since 2016, J-TEP has been accredited as the journal with SINTA-2 rank based on the Decree of the Director General of Higher Education No. 164/E/KPT/2021. Starting from Vol. 11, No.1 (March 2022) J-TEP is published in English. Starting in 2025, J-TEP is published 6 (six) times a year: February, April, June, August, October, and December. J-TEP is open to the public and invites researchers, students, practitioners, and observers in the world of agricultural engineering and agricultural technology to submit their scientific papers.

Chief Editor

Prof. Dr. Ir. Agus Haryanto, M.P. (Universitas Lampung)

Section Editors

Prof. Dr. Ir. Sugeng Triyono, M.Sc (Universitas Lampung)
Prof. Dr. Warji, S.T.P., M.Si (Universitas Lampung)
Prof. Dr. Dra. Maria Erna Kustyawati, M.Sc. (Universitas Lampung)
Prof. Dr. Ir. Santosa, M.P. (Universitas Andalas)
Ahmad Tusi, S.T.P., M.Si., Ph.D. (Universitas Lampung)
Dr. Ansar, S.T.P., M.Si. (Universitas Mataram)
Prof. Dr. Diding Suhandy, S.T.P., M.Agr. (Universitas Lampung)
Dr. Siti Suharyatun, S.T.P., M.Si. (Universitas Lampung)
Dr. Cicih Sugianti, S.T.P., M.Si. (Universitas Lampung)
Dr. Ir. Gatot Pramuhadi, M.Si. (IPB University)
Bayu Dwi Apri Nugroho, S.T.P., M.Agr., Ph.D. (Universitas Gadjah Mada)
Dr. Arif Dwi Santoso, S.Pi, M.Eng (Badan Riset dan Inovasi Nasional)
Dr. Mareli Telaumbanua, S.T.P., M.Sc. (Universitas Lampung)
Sri Waluyo, S.T.P., M.Si. Ph.D. (Universitas Lampung)
Dr. Ir. Mahmud Achmad, M.P. (Universitas Hasanudin)
Dr. Siswoyo Soekarno, S.T.P., M.Eng. IPM (Universitas Jember)
Dr. Ir. Tamrin, M.S. (Universitas Lampung)
Dwi Cahyani (Institusi North Carolina State University, USA)
Dr. Tabli Ghosh (Tezpur University, India)
Margo Sulistio, Ph. D. (National Ilan University, Taiwan)
Dr. Mahirah Binti Jahari (Universiti Putra Malaysia)

Editorial Boards

Febryan Kusuma Wisnu, S.T.P., M.Sc. (Universitas Lampung)
Witaningsih, S.T., M.T. (Universitas Lampung)
Merry Meyliana Leowan, S.T. (Universitas Lampung)

Jurnal Teknik Pertanian Lampung is published by Agricultural Engineering Department, University of Lampung in collaboration with PERTETA.

PREFACE

With gratitude to Allah the Almighty, Jurnal Teknik Pertanian Lampung (J-TEP) Volume 15, No. 2, April 2026 can finally be published. This edition contains 37 (thirty-seven) papers from various fields of study in the world of Agricultural Engineering and Agricultural Technology including cultivation engineering, bioprocess technology, wood engineering, design, modeling, renewable energy, and others.

On this occasion, we would like to express our deepest gratitude to the authors for their contribution to J-TEP and to the reviewers of this journal for their participation and contribution in improving the quality of scientific papers published in this edition. Finally, We hope that J-TEP can be useful for the community and make a meaningful contribution to the development of science and technology, especially in the field of agricultural engineering and technology.

Editors

Content	Page
<i>Preface</i>	
The Effect of Fertilization Combination and Paclobutrazol Concentrations on the Productivity of Rice Plants (<i>Oryza sativa</i> L.) <i>Fitrianti Rahmawati, Agus Sulistyono, Pangesti Nugrahani</i>	478–486
Comparative Analysis of Traditional and Modern Broiler Farms Using Google Colab t-test and Data Visualization <i>Galuh Adi Insani, Bayu Dwi Apri Nugroho, Ahmad Romadhoni Surya Putra, Andri Prima Nugroho</i>	487–498
Development of Hypoallergenic “Pindang” Tongkol (<i>Euthynnus affinis</i>) Processed by Pressurized Heating <i>Regina Caely Saing, Nur Wulandari, Nurheni Sri Palupi</i>	499–509
Ray Tracing-Based Modeling of Bifacial Photovoltaic Systems in Greenhouse Agrivoltaics <i>Endang Widiyawati, Subiyanto, Siti Ridloah, Budi Sunarko, Bagaskoro Saputro, Rizky Ajie Aprilianto, Mario Norman Syah, Abdurrahman Hamid Al-Azhari, Deyndrawan Sutrisno, Aisya Fathimah, Apriansyah Wibowo, I Gede Bagus Jayendra</i>	510–524
Land Suitability Evaluation for Cardamom (<i>Elettaria cardamomum</i>) Cultivation in Sumber Rejo Village, Purwosari Subdistrict, Pasuruan Regency <i>Agus Zainur Roziqin, Purwadi, Purnomo Edi Sasongko</i>	525–533
Sustainability Analysis of Hybrid Maize Farming in Grogol District, Kediri Regency <i>Tazkiyah Salsabila, Rita Parmawati, Fadli Mulyadi, Dwi Retno Adriani, Budi Setiawan</i>	534–542
Portable Vis-NIR Spectroscopy Using AS7265X for Detecting Carbide-Ripened Cavendish Bananas <i>Nurul Hanisah, Ifmalinda, Andasuryani</i>	543–553
Performance Evaluation of a Modified Granulator Based on Operating Parameters for Bioherbicide Granule Production <i>Gatot Pramuhadi, Muhamad Achmad Chozin, Endang Gunawan, Vitho Alveno, Kusuma Darma</i>	554–561
Application of Arbuscular Mycorrhizal Fungi and Manure to Improve Saline Soil Characteristics <i>Maghfirotni Ni'mah Hidayati, Rossyda Priyadarshini, Purnomo Edi Sasongko</i>	562–570
Performance of Convolutional Neural Network for Classifying Soil Moisture Level based on In-Situ RGB Soil Surface Images <i>Hasbi Mubarak Suud, Subhan Arif Budiman, Ebban Bagus Kuntadi, Dwi Erwin Kusbianto, Ika Purnamasari</i>	571–579
Assessing the Impact of Land Cover Change on Peak Discharge Using HEC-HMS: Case Study of the Batang Timpeh Watershed, Indonesia <i>Deddy Irwansyah, Indratmo Soekarno, I Nyoman Yogi Mertawiasa, Resi Nisa Nurhadid, Yosephina Puspa Setyoasri</i>	580–596

Evaluation of the Physical and Chemical Profiles of Instant Rice Based on Germinated Brown Rice of Inpari 32 Variety <i>Desy Triastuti, Fitri Audia, Enceng Sobari, Rafi Fauzan</i>	597-607
The Potential for Controlling Maize Pest <i>Spodoptera frugiperda</i> (Lepidoptera: Noctuidae) Using Biological Agents <i>Bacillus</i> spp. <i>Muhammad Qoyyimul Amri, Yenny Wuryandari, Noni Rahmadhini</i>	608-617
Synergistic Effects of Farmyard Manure and NPK (17-17-17) Fertilizer on Growth and Yield of Irish Potato (<i>Solanum tuberosum</i> L.) in Northern Rwanda <i>Niyigena Alphonse, Iradukunda Joseline</i>	618-626
Flood Discharge Modeling through Hydrological Parameter Calibration Using HEC-HMS in the Lower Air Bengkulu River <i>Ekanto Wahyudi Susetyo, Hadi Kardhana, I Putu Hartawan, Firmana Siddik, Hadi Buana</i>	627-638
Farmers' Knowledge Gaps in Irrigation Modernization: A SECI Model Approach in the Krueng Aceh Region <i>Dewi Sri Jayanti, Ferijal Teuku</i>	639-651
Severity Level Classification of Bacterial Leaf Blight Disease (<i>Xanthomonas oryzae</i>) in Rice Plants (<i>Oryza sativa</i> L.) Based on VARI Image Processing <i>Rafi Dwi Nugraha, Hery Nirwanto, Sri Wiyatiningsih</i>	652-662
Adoption of Integrated Crop Management Technology Innovation and Sustainable Lowland Rice Development Strategy in Tasikmalaya Regency, West Java Province <i>Abdul Mutolib, Candra Nuraini, Kirana Nur Ilmiati</i>	663-675
Assessment of Flood Discharge Using the HSS SCS-CN Method and Implications for Adaptive Sabo Dam Design in the Saluki River <i>Yosephina Puspa Setyoasri, Dantje Kardana Natakusumah, Vika Febriyani, Deddy Irwansyah</i>	676-688
Growth and Yield of Vertical Hydroponic Lettuce under Liquid Organic Fertilizer and Shade Intensity Treatments <i>Ika Purnamasari, Tri Ratnasari, Berlian Cindy Febrian, Annisa Lailatus Sufiah, Bintang Kurniawan, Ummi Sholikhah, Tri Wahyu Saputra, Wildan Muhlison</i>	689-701
The Effect of NPK and Guano Fertilizer on the Growth and Yield of Bogor Peanut Plants (<i>Vigna subterranea</i> (L.) Verdc.) <i>Vanessa Gabrielle Liemendy, Widiwurjani, Juli Santoso</i>	702-709
Image-Based Classification of Robusta Coffee Roasting Degree Using LDA-KNN with Color and Shape Features <i>Desi Kris Tanti Ritonga, Usman Ahmad, Sutrisno Suro Mardjan</i>	710-719
Enhancing Morphological and Physiological Sugarcane Growth through Natural Plant Growth Regulators Made of Banana Weevil <i>Saktiyono Sigit Tri Pamungkas, Karisma Ridha Yulianto, Fitria Nugraheni Sukmawati, Yudhi Pramudya, Farrah Fadhillah Hanum, Muhammad Sahbudin, Sukarji</i>	720-731
Design and Implementation of an Artificial Neural Network Model for Soil Nitrogen Prediction <i>Rita Anggraini, Sri Ratna Sulistiyanti, Helmy Fitriawan, FX Arinto Setyawan, Mareli Telaumbanua, Witaningsih</i>	732-742

Effect of Substrate Composition and Liquid Organic Fertilizer from Kepok Banana Peels on Growth and Yield of White Oyster Mushroom (<i>Pleurotus ostreatus</i>)	743-751
<i>Nita Nur Laila, Felicitas Deru Dewanti, Nova Triani</i>	
Natural Convection and Thermal Stratification in a Biomass Oven Fueled by Non-Carbonized Kesambi Leaf Briquettes: An Experimental Study	752-760
<i>Jemmy Jonson Sula Dethan, Fredrik Julius Haba Bunga, Erich Umbu Kondi Maliwemu</i>	
Evaluation of Thermal Performance and Energy Efficiency of a Continuous Milk Pasteurization System Using a PTFE Pipe and Vegetable Oil Heating Medium	761-778
<i>Agus Sutejo, Gilang Ramdani, Muhammad Juliandika, Dinur Saptiadi</i>	
The Influence of Zinc Biofortification on the Growth, Yield, and Zinc Content in Several Rice Varieties (<i>Oryza sativa</i> L.)	779-791
<i>Kholifira Masoyogie, Muhammad M Kamal, Eko Pramono, R A Diana Widyastuti, Muhammad Syamsoel Hadi</i>	
The Effect of Dosage and Application Interval of Tofu Waste Liquid Organic Fertilizer on the Growth and Yield of Tomato (<i>Lycopersicum esculentum</i>)	792-800
<i>Phebian Adam Pahlevy, Djarwatiningsih, Felicitas Deru Dewanti</i>	
Effect of Ignition Point Location on Temperature Profile and Syngas Composition in Downdraft Gasification of Coconut Shell and Wood Sawdust	801-810
<i>Purwinda Iriani, Tina Mulya Gantina, Yanti Suprianti</i>	
Evaluation of Site-Specific Methane Emission Factors from Biogas Production in Tapioca Industrial Wastewater Treatment Systems	811-820
<i>Eva Martha Pratiwi, Dewi Agustina Iryani, Rahmat Safe'i, Agus Haryanto, Samsul Bakri, Udin Hasanudin</i>	
Effect of <i>Serratia</i> sp. Application Rate on Frost Damage, Growth, and Yield of Potato (<i>Solanum tuberosum</i> L.) Under Field Conditions	821-831
<i>Inggil Setyo Nugroho, Yuniel Melvanolo Zendrato, Maria Marina Herawati</i>	
Diversity and Low Parasitism of Egg Parasitoids Associated with Maize (<i>Zea mays</i>) in Madura, Indonesia	832-840
<i>Panca Ayu Virgiri, Wiwin Windriyanti, Ramadhani Mahendra Kusuma</i>	
Development and Characterization of Nutmeg Shell-Based Activated Carbon for Ethylene Adsorption in Fruit Storage	841-851
<i>Sri Ayu La Aji, Usman Ahmad, Dyah Wulandani</i>	
Improving Alluvial Soil Properties and Edamame (<i>Glycine max</i> L. Merr.) Growth Using Compost-Biochar	852-859
<i>Agusalim Masulili, Rini Suryani, Sutikarini</i>	
Performance Evaluation of an Automatic Mixing Bed Dryer for Paddy Using Corncob Biomass Fuel	860-870
<i>Siswoyo Soekarno, Apriza Fatkur Roziqin, Ning Puji Lestari, Rufiani Nadzirah</i>	
Evaluation of Land Suitability for Cempedak (<i>Artocarpus campeden</i> Spreng) in Batu Mandi and South Paringin Districts, Balangan Regency, South Kalimantan	871-881
<i>Muhammad Rayhan Ghiffari, Nurlaila, Nukhak Nufita Sari, Andin Muhammad Abduh, Ronny Mulyawan, Hikma Ellya, Rila Rahma Apriani</i>	

ARTICLE WRITING GUIDELINES FOR AUTHORS

1) Manuscript: The Editorial Board accepts scientific papers in either Indonesian or English, with the following requirements:

- a. Manuscripts must be typed on A4-sized paper (210 mm × 297 mm), double-spaced, using Times New Roman font, 12 pt. Margins should be 3 cm on the left, right, top, and bottom. The length of the manuscript should not exceed 20 pages, including abstract, references, tables, and figures. All tables and figures must be embedded in the manuscript and numbered consecutively as they appear. The manuscript should be structured as follows: Title; Author(s) with footnotes indicating institutional affiliation(s); Introduction; Materials and Methods; Results and Discussion; Conclusion and Recommendations; References; and Appendices (if necessary). A writing template can be downloaded at <http://jurnal.fp.unila.ac.id/index.php/IJP>.
- b. **Abstracts** must be written in both Indonesian and English, with no more than 200 words. They should provide clear and concise information that is easy to understand, briefly covering the background, objectives, methods, main findings, and conclusions of the study.
- c. **Introduction:** Should present the background of the problem, relevant previous findings, and the objectives of the study or engineering work.
- d. **Materials and Methods:** Should clearly describe the materials and methodologies used, including the location and time of the study, as well as the statistical analyses applied. References should be provided for specific methods.
- e. **Results and Discussion:** Should present the research or engineering results, their relevance to problem-solving, implications, similarities and differences with previous studies, and potential for further development. Results may be presented in the form of figures, graphs, or tables.
- f. **Conclusion and Recommendations:** Should summarize the key findings, their contribution to addressing the problem, and provide recommendations for future research or engineering work.
- g. **References:** Must be arranged alphabetically. The format is as follows: Author's family name/surname followed by the initials of the first name. For the second and subsequent authors, write in normal order.
 - *Journal* article:
Tusi, A., & Rosadi, R.A.B. (2009). Aplikasi irigasi defisit pada tanaman jagung. *Jurnal Irigasi*, 4(2), 120–130.
 - *Book:*
Keller, J., & Bleisner, R.D. (1990). *Sprinkle and Trickle Irrigation*. New York: AVI Publishing Company Inc.
- h. **Units:** All measurements must follow the International System of Units (SI), e.g., m (meter), N (newton), °C (temperature), kW and W (power), etc.

2) Manuscript Submission: Manuscripts should be submitted in soft copy to the following address:

Editorial Office, J-TEP (Journal of Agricultural Engineering, University of Lampung)

Department of Agricultural Engineering, Faculty of Agriculture

University of Lampung

Jl. Sumantri Brodjonegoro No. 1

Telp. +62-721-701609 ext. 846

Website: <http://jurnal.fp.unila.ac.id/index.php/IJP>

Email: jurnal_tep@fp.unila.ac.id

3) Review Process

During the submission, peer review, and acceptance stages, all correspondence with the author(s) will be conducted via email.

4) Editorial and Reviewer Rights

Reviewers have the right to evaluate, correct, add, or remove content from the manuscript if deemed necessary, without altering the overall purpose and objectives of the study.
